

# CORPORATE SOCIAL RESPONSIBILITY

Belle Kaagapay continues to provide livelihood opportunities at communities where Belle's businesses operate. Now on its third year, residents of the nearby barangay in Batangas cultivate at least a hectare of land, which is owned by Belle and located within Tagaytay Highlands, to grow and market their organic produce. This has provided food on the table and has been their main source of income. Acknowledging its role in nation-building, the Company thru Belle Kaagapay reiterates its commitment to empower citizens and ramp up productivity, paving the way for the enhancement of lives of many.

harvested in 2018

On December 7, 2018, Belle together with the clubs of Tagaytay Highlands, Premium Leisure Corp., Highlands Prime, Inc., 2GO Group, Inc. and Sagittarius Mines, Inc. joined hands to protect Mother Earth through our “One Tree at a Time” tree-planting initiative. Conducted annually, 2018’s activity marked the planting of at least 500 saplings indigenous to Tagaytay Highlands in different areas within the Estate. This yearly commitment strengthens the Company’s resolve to help improve air quality, conserve water, preserve soil and provide a bigger habitat for birds and other animals.

In 2018, Belle Corporation and its subsidiary, Premium Leisure Corp. (PLC), completed their donation of 76 LED lights to Tambo Elementary School Unit-1 covering 18 classrooms and offices, which benefitted 601 students and 21 faculty members. This initiative was meant to promote energy efficiency thereby addressing the high maintenance and replacement costs versus using incandescent bulbs. In addition, LED lights do not contain toxic elements hence is supportive of our sustainable program which aims to protect the environment.

Apart from promoting well-being and ensuring healthy lives, Belle considers education as a top priority. Hence, Belle Kaagapay has consistently partnered with the Department of Education thru the *Brigada Eskwela* program. A total of 11 classrooms in elementary schools located in our host communities in Tagaytay, Cavite and Talisay, Batangas were repaired and repainted in 2018.

Belle Corporation and PLC shall endeavor to work hand-in-hand with its host communities through Belle Kaagapay programs and be of service whenever and wherever they can assist in uplifting the quality of their lives.
