

# Communities that We Care for

Since the inception of Belle Kaagapay, our corporate social responsibility arm, more than five years ago, we have set our sights on community advocacies that address quality education, health and welfare, livelihood and entrepreneurship. Using practical and available means, we extended help to our community members and partners. Together with community

leaders and local government units, we identified social gaps and material local concerns that both parties can work on. Despite the recent challenges caused by the Taal Volcano eruption and the COVID-19 pandemic, we re-commit ourselves towards the pursuit of social good and contributing our share for the benefit of our communities.
