Subject of the Disclosure

Current Report under Section 17 of the Securities Regulation Code amid COVID-19 Pandemic

Background/Description of the Disclosure

Belle Corporation ("Belle") strongly supports the Philippine government's efforts to curb the spread of the COVID-19 virus.

With the entire Metro Manila placed on community quarantine and the rising number of cases in the country, we expect a slowdown of revenues in the following business units.

1. Residential sales will be suboptimal as potential buyers defer any significant investment due to the unstable economic climate the pandemic may bring.
2. Premium Leisure Corp.'s (PLC) gaming revenue from City of Dreams Manila may stall, as the Philippine Amusement and Gaming Corporation suspended all casino operations from 16th March 2020 to 14th April 2020.
3. Operations of Pacific Online Systems Corporation (POSC), being the lessor of the Philippine Charity Sweepstakes Office's (PCSO) online lottery equipment, will continue. However, with POSC's revenues dependent on PCSO's lotto sales, the business may be impacted by COVID-19 virus related developments and the implementation of community quarantines.

Further, we have identified critical functions, and business continuity plans (BCP) are already in place. This is to ensure that we continue to manage potential risks, while prioritizing the overall interest of our investors, customers, employees, and other stakeholders. The BCP includes implementation, execution and enhancement of countermeasures to limit the operational and employee health risk. It incorporates work-from-home scheme, employee healthcare monitoring as well as a system for internal/external communication management system.

We will communicate constantly with our partners and stakeholders for updates through further news releases and/or our company website, www.bellecorp.com.
