*Indicate frequency of review of business objectives and strategy*

Business objectives and strategies are reviewed and deliberated on an annual basis. Discussions on such are done during board meetings which are held at least six (6) times a year. The different Business Unit Heads (BUH) are tasked to present business updates and proposed future plans to the Board. In January 2023, the Belle Group Budget was presented and discussed with the Board of Directors by the respective BUH. These comprised of the 3-5 year plans, as well as the updated sustainability initiatives programmed for the next 12 months.

Further, the Board of Directors ensures the company's capital and debt structure align with strategic goals and risk appetite through the following measures:

1. The board regularly reviews the company's financial reports, which include balance sheets, income statements, and cash management. This thorough examination allows the board to scrutinize the components of each account, including the current capital and debt structure, understanding their composition and implications for the company's financial health.
2. During regular board meetings, the board assesses whether the existing financial structure supports the company's strategic goals and long-term objectives. This analysis helps identify areas where adjustments may be necessary to better align with the company's vision.
3. The board continuously monitors the company's financial performance and market conditions.

		<p>4. Major decisions of the company require board resolutions and approvals. These decisions are documented in official board meetings and recorded in corporate governance documents.</p> <p>Manual on Corporate Governance (February 2021), item 2, pp. 10-12  <a href="https://www.bellecorp.com/sites/default/files/governance/Amended%20MCG%2002242021%20-%20WEBSITE.pdf">https://www.bellecorp.com/sites/default/files/governance/Amended%20MCG%2002242021%20-%20WEBSITE.pdf</a></p>
